

The Fine Art of Packing - Travel Packing Guide

It's all about knowing when to fold 'em and when to roll 'em. And when it's a wrap.

How less can be more. It's about planning ahead. Whether packing for a weekend, a five day vacation or a month long excursion.

The right suitcase. The right material. Clothing suitable for Hawaii is all about what is comfortable in a tropical environment. The average daytime summer temperature at sea level is 85 degrees F. (29.4 C) while the average daytime winter temperature is 78 degrees (25.6 C). Temperatures at night are approximately 10 degrees F. lower. If you are planning to go upcountry to the top of the volcanoes be prepared to bring a sweater, coat, sweat shirt, etc. With altitude the temperature drops. For example, at the top of Haleakela National Park at 10,000 feet above sea level it's going to be cold.
